## ITALIANS LOSE SOME POSITIONS

Austrians Take Several First Line Trenches.

## SECURE PRISONERS AND GUNS

Vienna Announces Capture of Over 2,500 Soldiers, Seven Cannon and Eleven Machine Weapons—Concentrated Artillery Preparation Precedes Infantry Attack.

Berlin, May 17.—Italian first line positions in several sectors have been captured by the Austrians after concentrated artillery preparation, it was announced in the Austro-Hungarian headquarters report issued in Vienna. The Austrians took more than 2,500 prisoners, seven cannon and eleven machine guns in these operations.

## RUSSIAN ARMIES ADVANCING

Two Forces Moving Southward Toward Bagdad.

Petrograd, May 17.—With the advance of Russian forces southward from the Urals toward Mosul in Assyria on the Tigris, which resulted recently in the occupation of Rivandouza, the Russians are now bringing fresh pressure of the most powerful sort upon the rear of the Turkish armies in Mesopotamia.

The development of this new line of attack has greatly enhanced the chances of success of the Russian campaign in Mesopotamia, which holds forth the hope now entertained in Petrograd of bringing not only Bagdad, the Holy City of the Caliphs, but the entire historic country lying between the Tigris and the Euphrates under Russian dominion.

Of the two groups of Russian armies which are now threatening Mesopotamia overland, one already has crossed the Mesopotamian border and is marching rapidly toward Mosul.

## STRIVING TO STOP DELAYS

British Envoy Tells Lansing About Mail Interference.

Washington, May 17.—The British ambassador, Sir Cecil Spring-Rice, told Secretary Lansing that his government is striving to eliminate the delays and interference to mails to which the United States is about to make protest, but Great Britain could not relinquish its claim to the right to prevent the use of the mails for transportation of goods or information by its enemies.

The United States is about to make a renewed demand that the interference with mails, particularly those of neutrals, be immediately abandoned.

## NEUTRAL SHIPS MUST STOP

Germany Explains Course Submarines Will Follow.

Washington, May 17.—Germany, in a note presented to Secretary Lansing by Count von Bernstorff, warns neutral governments that merchant ships flying neutral flags must obey the provisions of international law in regard to their conduct when stopped by a German submarine and that they incur danger should they turn their ships in the direction of a submarine.

Secretary Lansing said that the note from Germany was occasioned by no action of the United States.

## CHILD BURNED TO DEATH

Mother in Serious Condition Following Explosion.

Pipestone, Minn., May 17.—Mrs. Lane Jansma, living on a farm near here, is supposed to have started a fire in the kitchen stove with kerosene. In the explosion her two-year-old daughter, whom she held, was burned to death.

The mother was brought to the City and County hospital.

The burns extend over half her body and it is thought they will prove fatal.

The house was destroyed. Mr. Jansma was in the barn when the explosion occurred. He was burned about the hands and arms in the rescue work.

## TURKISH SITUATION SAID TO BE SERIOUS.

Rome, May 17.—According to information from Bucharest, the German, Austrian, Turkish and Bulgarian general staffs held a meeting in a Hungarian town to consider the very serious situation in Asiatic Turkey.

## SENATOR BORAH.

Says National Suffrage Violates State's Rights.

## BORAH GIVES HIS REASONS

Tells Senate Why He Opposes Suffrage Amendment.

Washington, May 17.—Senator Borah, Republican, denounced the Susan B. Anthony constitutional amendment for woman suffrage as violating state rights and in a letter to an Idaho suffrage organization, which he read to the senate, gave his reasons for not heeding a resolution it had adopted calling upon him to protest to the house judiciary committee for not reporting the amendment.

## ILLEGAL WARFARE CHARGED TO ALLIES

Vienna, May 17.—A note has been given out by the foreign ministry to representatives of neutral powers, charging the allies with conducting an illegal submarine campaign against peaceful merchant vessels.

The attack the note ascribes to a blind lust for destruction, as the allies, unlike the central powers, in their submarine warfare are not "forced to defend themselves against a notorious plan to starve out whole nations."

The note declares that an attempt to torpedo the Austrian steamer Daniel Erno without warning was made on Feb. 12, the vessel escaping by a clever trick of its captain. A similar attack, the note says, was made upon the steamer Zagreb on Feb. 18. Again, on April 5, a torpedo was fired at the Daniel Erno, the note says.

## WAR WIPES OUT ALL CASTE

Social Barriers in England Fall Before Patriotism.

Indianapolis, May 17.—Percy Alden, a member of the British parliament, was one of the speakers before the National Conference of Charities and Corrections here.

He spoke of "National Stress as a Stimulus to Social Thought and Action."

"The war in Europe has started a period of profound emotion," he said. "With it is a vast output of moral and intellectual energy, barriers of class and caste have, under social stress disappeared for a time in England. The reaction from individualism to socialism, from competitive to collective efforts, stands out. The unity of the nation is evidenced in legislation and administration. Rich and poor alike offer their services under the stimulus of intense patriotic feeling."

## Armenians Eating Grass.

New York, May 17.—Suffering among Armenians in Turkey, Persia and Serbia still is intense and they are dying by hundreds for want of food, says a cablegram from Constantinople. Conditions in many quarters, says the message, are so distressing that the Armenians are forced to eat grass.

## LAUNCH PLAN FOR PARADE

Preparedness Demonstration May Occur at St. Paul.

St. Paul, May 17.—St. Paul may have a preparedness parade.

Plans for such a parade were started when Jesse A. Gregg, president of the St. Paul branch of the National Security league, announced a meeting of the league this week to consider the question.

"I favor a big parade, showing just where St. Paul stands in the matter," Mr. Gregg said. "There is no question but what the city is for ample preparedness. I believe we could hold an extremely creditable parade."

## 300,000 GERMAN SOLDIERS ARE PUT OUT OF ACTION AT VERDUN

## Obregon the Coming Man in Mexico ---United States Prisoners are Retaken from Mexicans

## Roger Casement Plots Started in Germany---Three Americans Aboard the Eritrea, Sunk

### GERMAN STRENGTH BROKEN

(By United Press)

London, May 17.—Newspaper dispatches report 300,000 German soldiers put out of action at Verdun. The German losses are sufficiently heavy that their strength is broken and an offensive against Riga is impossible.

### NAVAL BATTLE OFF THE BELGIAN COAST

(By United Press)

London, May 17.—British destroyers and monitors engaged the German destroyers in a short fight off the Belgian coast. The Germans withdrew, the British vessels were not injured.

### FRENCH ATTACK FAILS

(By United Press)

Berlin, May 17.—The French attack on southern slope 304 broke down under German artillery fire. Heavy French attacks were made on both banks of the Meuse.

### GERMAN DRIVE FAILED

(By United Press)

Paris, May 17.—The German attempts to drive forward on the lines northwest of Verdun failed utterly, it is officially stated.

### 20,000 TURKS WITHDRAW

(By United Press)

London, May 17.—20,000 Turks have withdrawn from the British front east of Kutelmara, presumably to meet the Russian advance on Bagdad.

### BLOW UP STEAMER

(By United Press)

Great Yarmouth, England, May 17.—The Dutch steamer Batavier, bound for London to Rotterdam, was blown up and five killed.

## Obregon the Man Name on all Lips

(By United Press)

Field Headquarters, American Army, May 17.—Gen. Obregon is the man to do things in Mexico is the report brought by couriers returning here, and his name is on all lips. His popularity exceeds that of Gen. Carranza with the rank and file. His attitude during the American conference was considered as uncompromising and he is much admired.

## Obregon Believes Wilson is Fair

(By United Press)

Mexico City, May 17.—War Minister Obregon has returned and issued a statement that he has absolute confidence in the United States and that President Wilson does not want war. He said his conference with Gen. Scott and Gen. Funston was highly satisfactory, and that he was satisfied both army officers intended to withdraw as soon as the danger from border raids had been removed.

## Troops Rescue Two Mexican Prisoners

(By United Press)

Marathon, Texas, May 17.—Jesse Deemer, rancher and storekeeper, and Monroe Payne, negro, captured by the Mexicans during the Glenn Springs raid, were rescued by U. S. troops in a Mexican town, according to an unconfirmed report.

## Will Stay Some Time

(By United Press)

Washington, May 17.—Officials think if Carranza is not forced by public opinion to make a demonstration against the stay of United States troops in Mexico that they will remain for some time.

## Three Americans Aboard Steamer

(By United Press)

Washington, May 17.—Three Americans were aboard the Canadian steamer Eritrea which was sunk, the U. S. consul at LaRoche, France reported. Although the Lloyds reported the steamer torpedoed the consul said the vessel was presumably sunk by a mine. No member of the crew was injured.

## Withdrawal Followed by Murder and Theft

(By United Press)

Columbus, N. M., May 17.—The withdrawal of the United States forces from San Antonio to the advance base was followed by the slaughter of a dozen Chinamen merchants and three truck drivers, and other lesser crimes.

## Cruiser Refloated After Terrific Gale

(By United Press)

Boston, May 17.—Driven by a terrific gale which is sweeping the New England coast the United States cruiser San Francisco, Capt. Belknap commanding, grounded in the middle Nantucket Shoals, without injury to the vessel. Early reports said 18 were killed, which is utterly unfounded, as none were killed or injured and the cruiser was refloated.

## Plot Started in Germany Proved

(By United Press)

London, May 17.—Lieut. Gordon, of the intelligence department of the British war office, testified that maps found in the possession of Casement proved that his plots started in Berlin.

## Vote on Brandeis

(By United Press)

Washington, May 17.—The senate judiciary committee has agreed to vote on the confirmation of Judge Brandeis next Wednesday.

## Committed for Trial

(By United Press)

London, May 17.—Sir Roger Casement and Daniel Bailey were committed for trial charged with high treason following the conclusion of the preliminary hearing this afternoon.

## Opsahl to Withdraw Race for Congress

(By United Press)

St. Paul, May 17.—The announcement is made in Minneapolis that J. J. Opsahl will withdraw from the Sixth district congressional race. The Minneapolis Tribune quotes as follows:

"My only object in being a candidate for congress was to see the principles now embodied in the Nelson bill enacted into law," declared Mr. Opsahl, who was at the Andrews hotel last night, "and to prevent the construction, if possible, of a six-foot dam at the outlet of Red Lake. The dam would have flooded a great many homesteads around the lake, but we have succeeded in having that project dropped. I shall now withdraw and devote myself to the railway development problems."

## With N. P. Railway Forty Year Today

(By United Press)

St. Paul, May 17.—Just forty years ago today J. M. Hannaford entered the Northern Pacific railway service at Brainerd, working in the general offices on the second floor of the depot which is still used. Today Mr. Hannaford is president of the railway. Beloved by all in the service, he is receiving congratulations by the score.

## Charley Chaplin Gets Some Votes

(By United Press)

Philadelphia, May 17.—Several republicans wrote in the name of Charlie Chaplin on the ballots at the Pennsylvania primaries.

## Jury Hard to Get

(By United Press)

Waukegan, May 17.—There is little chance to complete the jury in the Orpet murder case before the end of the week. Orpet's father says he will work from morning until night to get the money to carry his son's defense to the highest court if beaten. The father has impoverished himself for this trial.

## Hopes for Peace

(By United Press)

Washington, May 17.—President Wilson has replied to the Pope's peace letter and joins him in hoping that the United States will not be plunged into war but will maintain her neutrality better to bring peace to the world.

## BAKER CONFERS WITH PRESIDENT

Mexican Border Situation Is Much Improved.

## BETTER FEELING PREVAILING

General Scott Returns to Washington and Reports That Carranza and His Advisers Now Understand Motives of United States Government.

Washington, May 17.—An optimistic view of the Mexican border situation was laid before President Wilson and his cabinet by Secretary Baker after a long conference with Major General Scott, chief of staff.

General Carranza and his advisers now understand the motives of the Washington government more fully than ever before, as a result of the conference at El Paso between Generals Scott, Funston and Obregon. Mr. Baker was able to tell the cabinet, and tension along the international line is less acute than it has been at any time since the raid on Columbus, N. M.

General Obregon, it is learned, entered the conference with much apprehension as to the real purpose of General Pershing's swift march deep into Mexico in pursuit of Villa and his raiders.

The American conferees were able to convince the Mexican war minister and through him General Carranza that President Wilson's announcement of the purpose of the punitive expedition told the whole story.

The change in General Obregon's views was clearly indicated by promises he made at the conclusion of the conference, promises approved by General Carranza and which he is now carrying out with promptitude and vigor, according to official reports.

While General Scott, for his part, made no promises as to the withdrawal and very clearly stated to General Obregon that United States troops would stay in Mexico until Carranza forces had fully demonstrated their ability to handle the bandit situation, assurances were given that American troops would not operate in parts where Carranza forces were active.

## MEXICO NOT SEEKING WAR

But Will Fight United States if Forced to, Says Diplomat.

Seattle, May 17.—Colonel M. Perez Romero, Mexican ambassador to Japan, arrived in Seattle from Mexico en route to his post in Tokio.

"Mexico does not want war with the United States," he said, "but if war is forced upon her there will be a united people, a race who are now trained fighters, to oppose the United States."

"War would mean the ruin of Mexico and would mean the loss of thousands of lives of American soldiers and the expenditure of millions from the treasury of the United States."

"But I do not look for any trouble, least of all with the United States."

## CANNOT FURNISH OFFICERS

War Department Abandons Instruction Camps.

Washington, May 17.—Because of removal of regulars to the Mexican border artillery camps of instructions of militia from twenty states have been abandoned.

They were scheduled to start May 21 at Camp Robinson, near Sparta, Wis.

The maneuvers were expected to continue until Sept. 15.

A general order from the war department gives notice the dispatch of troops to the border has rendered it impossible to send officers to take charge of militia gunners.

## CAPLAN JURY DISAGREES

Men Trying Alleged Times' Dynamiter Are Discharged.

Los Angeles, May 17.—David Caplan's trial for murder in connection with the destruction of the Los Angeles Times building ended when the jury reported hopeless disagreement and was discharged. It had been out seventy-two hours.

The vote was seven for conviction and five for acquittal. Judge Frank R. Willis set June 15 as the date for motions for retrial.

## Kills Four, Then Himself.

Rochester, Ind., May 17.—William Dollars, thirty years old, of Macy, a village near here, shot and killed his mother, Mrs. Anna Dollars, and his daughter Agnes, fatally wounded his son George, and his baby, and then went to a nearby cemetery, where he killed himself on the grave of his wife.

## Mexican Border and Governors of States Whose Militia Has Been Called Out

Governor Geo. W. P. Hunt of Arizona Here is the 1,500 mile border between Mexico and Arizona, New Mexico and Texas. Almost every mile is in danger from Mexican raiders. They have attacked Americans all the way from Arizona to Brownsville. It is the border which the militia of Arizona, New Mexico and Texas have just been called out to help protect, because Uncle Sam has not sufficient regular soldiers to do the work.

WEEK OF MAY 14th

"THE BIRTH OF A NATION"

TAKE THE JUDGMENT OF THE CITY THAT KNOWS HOW CARS  
are BUILT—and the STATE THAT KNOWS HOW CARS PERFORM!

There's no surer judgment, no more trustworthy advice to be had  
anywhere than that of Detroit and the State of California.

IN DETROIT the city that produces three-fourths of the country's  
cars—where people know cars from the technical and manufacturing  
sides better than they do in any other city on earth—more Stude-  
bakers were registered according to official figures in the year of  
1915, than any other cars selling at more than \$500.

IN CALIFORNIA the State of wonderful roads and weather—the  
State where people have more miles of good roads to drive over and  
more opportunity to use their cars than in any other State in the  
Union—the official figures for the year of 1915 showed 15,713  
Studebakers registered—2,895 MORE than any other car listing at  
more than \$500.

California KNOWS cars from use on the roads—Detroit knows cars  
from having the bulk of the industry centered in its limits. Both  
have made Studebaker favorite by a long lead. What better judg-  
ment can YOU follow in buying? And the reason is simply that  
every time a man makes even the barest comparison of a Studebaker  
with other cars, he finds that to get as much power, size and qual-  
ity as a Studebaker offers, he must pay from \$250 to \$400 MORE.  
So they're buying Studebakers—and SAVING that \$250. Why don't  
you see the cars—then go make that \$250-saving comparison.

**LeSueur County**  
 Like all the early explorers of America, Pierre Charles Le Sueur was looking for valuable minerals and in 1701 he found what he thought was copper on the Blue Earth River and sent a cargo to France by way of the Mississippi. At this time he had been exploring and trading in the country of the Sioux, for a number of years, and there is no record of any white man having preceded him up the Minnesota River. The county named in his honor was established in 1853.

## THE TREND TOWARD HUGHES

(St. Louis Globe Democrat)

The report from New York that progressive party leaders are practically agreed upon the support of Justice Hughes as a second choice for president indicates two things: First, that the progressives are considering a second choice and have ceased to look upon Roosevelt as the one and only candidate; and, second, that they have recognized the trend of popular sentiment toward Justice Hughes and are getting ready to fall into line. That trend is one of the amazing facts of a time that is full of amazements. A man sitting quietly and silently in an office that removes him from the political limelight and forbids him to speak upon political affairs, who has sedulously endeavored to avoid public notice, who has persistently asserted his unwillingness to be considered a candidate for the presidency is sincere, who has refused to say a word that might be interpreted as a sign of his interest in the political campaign, for whom no man has been authorized to speak or to work, and who is looked upon coldly by the majority of professional politicians, has become the center of public attraction and of party consideration, the focus of an insistent demand that is not confined to any section or to any element but emanates from the people all over the land. There has been nothing just like this in our history.

The views of three republican senators were reported in the New York Sun of Wednesday. One of these

**The Greatest Musical Invention**

The player-piano is the greatest musical invention of the day. For the player is not purely mechanical, like the phonograph, but makes it possible for any one to play his own music in his own way, with the impress of his own taste and feeling. With the player-piano he can at once obtain results which would otherwise require years of practice.

**CABLE-NELSON PLAYER-PIANOS** are particularly satisfactory. Not only easy to play, but responsive to every shade of feeling and impulse. They open the door for you to music, song and dance, a reservoir of happiness that you possibly cannot otherwise tap.

**Folsom Music Co.**

from the east, said he was committed to a favorite son, but expected to see Justice Hughes nominated on the second or third ballot. Another, of the Middle West, favored Root or Weeks, but "it will be hard to keep the delegates away from Hughes on the second ballot." The third, a progressive from the far west said: "The nomination of Justice Hughes is as certain at Chicago as is the nomination of Wilson at St. Louis." Ex-Attorney General Wickersham declared the other day that "the republican party must nominate a man who will unite all factions of the party and who can certainly be elected. I see but one such man, and that is Justice Hughes."

And so it goes, from one end of the country to the other. There are good men, excellent men, who are candidates, but there are many indications at this time that the country has made up its mind. It is not likely that Justice Hughes will open his mouth before the convention, but if the balloting proves the genuineness of the demand for his service he will, no doubt, declare himself in such terms that there can be no question as to his position on public issues, and he will not, cannot, decline the nomination.

## MOOSE PICTURES PLEASING

"Mooseheart" Shown in Special Pictures at the "Best" Theatre. Local Moose Present

An innovation in fraternal publicity was the exhibition of "Moose" pictures given at the "Best" theatre on Monday evening. The local order has 300 members and the majority of them and their families and friends were in attendance and the 1,000 feet of film were shown at both shows. The house was filled at each show.

National Director Edgar Easter was present and gave a lecture describing "Mooseheart," the center of its great humanitarian work, exemplified in the construction of 67 buildings devoted to schools, etc. The "Mooseheart" estate is one of over 1,000 acres. Director Easter described all the varied activities carried on there, the methods of teaching, the care taken of orphans of Moose families. It was a lecture, coupled with the pictures, which showed that the Moose are doing a noble work and their share in the advancement of humanity.

Upon the great tract of land in Illinois are homes for the aged, widows and orphans and the great vocational schools for the education of the orphan children of the members of the order.

Vice-President Thomas R. Marshall, a life member of Indianapolis Lodge No. 171, Loyal Order of the Moose, said at the dedication of "Mooseheart" on July 27, 1913: "This institution means more to the world than any new thought of the century." He also said: "I believe the new born shall now have vested rights more than the kings of old."

The "Mooseheart" governors include James J. Davis, Director General of the L. O. M., Ralph W. E. Douglas, chairman of the Board Public Utilities, New Jersey, Hon. Arthur Capper, governor of the state of Kansas, Rodney H. Brandon, Ex-Sup. Sec. L. O. M., Hon. H. W. Johnson, governor of the state of California, Hon. Albert Bushnell Hart, professor of Harvard University, Hon. M. M. Garland, congressman of Pittsburgh, Pa., Hon. John J. Lentz, president of the American Insurance Union.

The Loyal Order of Moose was founded at Louisville, Kentucky in 1888. In 1905 there were three lodges with a membership of 247. James J. Davis of Pittsburgh, Pa., was the 247th member. He immediately undertook the building up of the fraternity. As a monument to his efforts and work there are over 1700 lodges with an aggregate membership of nearly seven hundred thousand.

The organization is not a class organization but is open to all men of the Caucasian race, who believe in a Supreme Being and are of good moral character. It is non-sectarian and non-political. Its aims are to help the unfortunate in times of need.

Every member of the Loyal Order of Moose contributes one dollar per year for the support and maintenance of Mooseheart. This is taken from the annual dues.

The members of Brainerd Lodge No. 1246 are putting forth their energies this week to secure a large class of candidates for initiation Friday night. They are being assisted by National Director Edgar Easter, who will remain until after the meeting.

## WOMAN'S REALM

## THE JUNIOR SYMPHONY

Little John Hohman will Direct the Russian Dance, Little Emogene Clarkson, a Berceuse

In addition to turning out musicians of the best kind, Director Edwin Harris Bergh is developing pupils so they can lead an orchestra too and the next concert of the Junior Symphony orchestra of Monday evening, May 22, will be remarkable, featuring two youthful leaders, Little John Hohman, son of Mr. and Mrs. Louis Hohman, who will direct the "Russian Dance" and little Emogene Clarkson, daughter of Mr. and Mrs. Paul G. Clarkson, who will direct the "Berceuse" by Russow.

This is to be the last concert of the season. The program embraces seven orchestral numbers and eight trios, quartets, quintets and sextets. Miss Georgia Drexler is to be the soloist. Thirty-five youthful musicians will play in the orchestra.

The funds are to be used in equipping the newly organized Cub baseball team, all members of the Bergh Violin School. Games will be arranged, if possible, with a few out of town teams. The age of the players is to average 12 years.

## BRAINERD'S ODEST STORIES TODAY

"What kind of letters would you best like to receive?" was asked a piquant, charming young girl in a restaurant.

"Wouldn't a big fat letter with a check in for a lot of money be the most pleasing?" was asked further.

"No," said the girl, "I am just dying to have some one send me a beautiful love letter. But it's been such a cold spring, you know," she answered meditatively. "Everything is so backward this season."

## To Address Baptists

(By United Press)

Minneapolis, Minn., May 17.—John D. Rockefeller was expected to be among the 3,000 delegates for the International Baptist convention, which opened an eight day session here today.

Dr. Schaller Mathews, Chicago, and Dr. W. C. Bittling, St. Louis, officers of the convention, were early arrivals.

Possible consolidation of the publication society and the home mission society of the church, loomed up today, as a possibility. This subject was discussed at Los Angeles.

## At the Best

Fine Arts Film company presents Marie Doro in "The Wood Nymph," by Granville Warwick, directed by Paul Powell, supervised by D. W. Griffith.

Daphne (Marie Doro) has been reared by her mother in the wood-covered mountains. Having read about the Greek gods, she peoples the forest with creatures of her imagination. One day as she is running and dancing through the trees, she suddenly stops before a giant of the forest. She imagines that Apollo lives in the tree. Clapping her hands, she calls for him to appear. A youth dressed in hunting garb stands before her. She thinks it must be the god, but he tells her he is William Jones (Charles West). Fred Arnold (Wilfred Lucas) also meets the wood nymph. William and Fred have a fight over the girl, but finally shake hands as friends. The woods are set on fire by tramps. Jones seeks to rescue the girl, but returns to camp almost overcome by the flames. The wood nymph wanders near the camp and is carried unconscious to safety by Fred. The mother of Daphne is found by David Arnold, the father of Fred. With the help of the guide he takes her to camp. He is overjoyed to find the woman is his wife, who had left him many years before on account of a misunderstanding. William is happy when he finds the wood nymph safe.

Also Mack Sennett production, "Perils of the Park." 3 two-reel Keystone comedy that will get laughs out of everyone.

## Surprise Party

Miss Emma Johnson and Katie Thompson gave a surprise party for Raymond Fredstrom last evening that was a very pleasant affair, about 35 of his friends being present. The guests met at 807 South 6th street and went in a body to Mr. Fredstrom's home. Games were played and a very pleasant evening enjoyed, an elegant luncheon being served. His friends presented him with a fine stick pin, Severn Swanson making the presentation speech.

## "THE BIRTH OF A NATION"

An Effective Minor Scene is the Episode in the Hospital

One of the most effective minor scenes in "The Birth of a Nation" at the Brainerd opera house this week shows Miss Elsie Stoneman, daughter of the "Great Commoner" who led congress in Lincoln's time, playing a guitar to solace a wounded rebel officer in the Patent's Office hospital.

"I haven't known you long," says the little Confederate colonel, Ben Cameron, "but I have carried you about with me for years and years." He displays a half-faded daguerreotype of the girl, a picture she had given her brother and which had fallen into Ben's hands.

Soothed by her kindness, Ben makes a rapid recovery. In the second half of the story, the scene of which shifts to South Carolina, they are sweethearts in the dread time of the second southern uprising. To portray the fine flower of northern womanhood throughout the whole troublous era is the task of Miss Lillian Gish as Elsie Stoneman in this play.

Miss Gish is of the "golden aureole" blonde type which makes for photographic beauty. She is singularly graceful, and her features never lose their piquancy in in-or-outdoor scenes. The eyes, before the camera, are most expressive. The acting conveys sincerity as well as true feminine charm—at least so the New York critics thought. Both Lillian and Dorothy Gish (the two sisters) are the favorite actresses of the studios where D. W. Griffith, the director of "The Birth of a Nation" does his work. It took eight months to stage the Civil War and reconstruction epic, as Elsie Stoneman figures in hundreds of scenes from the early war-time to the end of reconstruction and her marriage to Ben. Lillian Gish had hardly an idle moment.

## Hungarians Disapprove

(By United Press)

Zurich, Switzerland, May 17.—Hungarians disapprove of Germany's Zeppelin campaign. They object to it both on grounds of humanity and for what they consider its uselessness.

Newspapers received here from the most important cities in Hungary are almost unanimous in deprecating such methods. They do not express themselves as freely as if there were no censorship, but they leave no doubt that the Hungarian people oppose this sort of warfare.

"By striking terror into the people of England," says the Hirlap, commenting on Zeppelin activities, "it is thought that the government will suffer, but as we can now see clearly, the raids do not serve the purpose they were intended for, and only result in the annihilation of civilians."

The Poster Lloyd and the Az Usag are exceptions. Both are strongly pro-German and express themselves concerning air raiding much as does the Berlin press.

speak also of the existence in Hungary of what are known in England as "conscientious objectors" to military service.

They are said to be almost without exception of a religious sect called the Nazarenes. While some English "conscientious objectors" have got off altogether, however, and others have been mustered into "non-combatant corps," most of the Nazarenes are said to be serving terms of 12 years' imprisonment for refusing to join the colors.

## ADOPTS AS SON HER CHAUFFEUR

Mrs. W. H. Topping Enters Into Contract With Earl John Dennis, Formerly of Brainerd

### RELATION OF MOTHER AND SON

Mrs. Topping is the Widow of the Millionaire Foundryman of St. Paul, Income \$20,000 a Year

A Los Angeles, Cal., dispatch to the St. Paul Pioneer Press states that failing legally to adopt her former chauffeur, Mrs. H. W. Topping, widow of H. W. Topping, millionaire foundryman of St. Paul, has entered into a contract with the young man, Earl John Dennis, formerly of Brainerd, by which they will assume the relationship of mother and son.

Mr. Dennis has taken his case before the courts that he may be allowed to change his name. The hearing has been set for June 12.

Reciprocal protection and inheritance is the reason advanced. Mrs. Topping is childless. Dennis is 24 years old.

Attorney Charles C. Montgomery, who appears for Mr. Dennis in his effort to have his name changed, explained Mrs. Topping wished the adoption.

The young man will live in the magnificent Topping residence in Sierra Madre.

Mrs. Topping receives an approximate income of \$20,000 a year from her husband's estate.

## SIGNS ON ALL STATE ROADS

Prominent Cross Road Corners Too, Placed by Automobile Association

### \$100 APPROPRIATED FOR SAME

Substantial Signs of Galvanized Steel Clamped on Boiler Tubing

Crow Wing county is to be dressed up in a style that should attract much favorable mention from tourists this summer and others to come. The Automobile association, at a meeting held last evening of the directors at the Chamber of Commerce, voted to appropriate \$100 for the purchase of galvanized metal road signs to be erected on all state roads and prominent cross-road corners throughout the county.

The signs will be erected under the supervision of the county engineer together with the signs committee of the association and will be a great improvement over the old style wooden sign that now graces the many cross-roads throughout the county. Each sign will be erected on two inch boiler tubing driven into the ground to a depth sufficient to make it substantial while the sign will be clamped to the post securely so as to avoid destruction by vandals. The sign itself is made of heavy galvanized steel each letter tooled out and bronzed in light letters so as to make the wording easily discernible at considerable distance from the road.

John F. Woodhead, who is president of the association also chairman of the signs committee, will have charge of the work and expects to take immediate steps toward having the signs made and erected. Each sign will also have a casting attached which will identify it as having been erected by the association.

### PRAISES ALFALFA CULTURE

First National Bank of Brainerd Sends Out Alfalfa Journal to Encourage Alfalfa Growth

P. B. Nettleton has received the following letter from R. B. Withington, cashier of the First National bank of Brainerd:

We all fully realize that farming is the greatest industry in the northwest. It is the foundation of all wealth. To increase the productivity of our farms means prosperity for all business interests. The scarcity and high price of stock should stimulate the interest of every landowner, farmer and renter to raise more horses, cattle, hogs, sheep and poultry.

To do this you must grow more feed on your land. Alfalfa solves this problem. It has been demonstrated that this crop can be successfully grown on all well drained land in the northwest. It will yield double the amount of timothy hay and has almost three times the feeding value. Chemical analysis shows that one ton of well cured alfalfa hay is equal in feeding value to one ton of wheat bran. It is the greatest drought resister and soil enricher. Make your plans to start a field.

The value of alfalfa hay compared with four other crops is as follows: Alfalfa hay, \$80.64; corn ensilage, \$24.48; shelled corn, \$33.87; clover hay, \$28.24; and timothy \$14.70.

The above figures are taken from the average yield of the five leading crops. Any up to date farmer can readily see why he should be growing alfalfa and lots of it.

We now have an alfalfa journal published at Sioux Falls, S. D., devoted to this valuable crop. Believing that you will be interested in a journal of this sort, we have paid for a one year's subscription to the National Alfalfa Journal and have instructed the publishers to send it to you.

We hope that you will enjoy reading the articles appearing in this journal, and that you will derive some benefit from them. If you do not receive your journal regularly, notify this bank.

Yours very truly,

### AT PILLAGER DAM

Lumber, Timber, Cement, Steel Rods, Machinery being Received at the Dam Site

Brainerd is interested in the construction of the Pillager dam by the Cuyuna Range Power Co., as much local material is sold and delivered there. The Pillager dam is to be an exact counterpart of the first dam built by the company on the Crow Wing river and will double the company's capacity to furnish current. Considerable machinery has been received at the dam, together with lumber, steel rods, cement, timbers, etc. The Northern Pacific railway may put in a spur track at Pillager to facilitate unloading. It is also reported the Dower Lumber Co. may remove their yard to the proposed spur.

## BRAINERD GETS WARMEST PRAISE

The "News Messenger" of Marshall, Lyon County, Praises Brainerd as Convention City

### KNIGHTS COLUMBUS STATE MEET

Chamber of Commerce and Brainerd Citizens Remembered for Their Kindness and Hospitality

The "News Messenger" of Marshall, Lyon county, on its front page of the May 12 issue, refers to the state convention of the Knights of Columbus held in Brainerd and praises the royal entertainment offered, the Chamber of Commerce for its work and Brainerd citizens generally. The article states:

"Holy Redeemer Council, of the Knights of Columbus, was represented at the state convention at Brainerd, Minnesota, on May 9th by W. C. Haney, district deputy, Steve Blanchette, grand knight, Will Mullaney, deputy grand knight, and Thos. A. Regnier, lecturer. The entire state membership was represented at the convention and a new set of state officers were elected.

The local representatives report that this gathering was the largest of its kind ever held in the state. The rapid growth of the Knights of Columbus will in the future necessitate holding the state conventions in larger cities where hotel accommodations are better, however Brainerd afforded all the conveniences necessary.

After the convention was closed the Brainerd Council gave the visitors a royal entertainment. The Chamber of Commerce of the city opened its doors to the visitors and gave them all a hearty welcome. The Chamber of Commerce extended an invitation to the Knights and gave them their magnificent quarters for the day, in fact all public places were opened for the Knights, thereby showing excellent brotherhood which exists in that beautiful city.

After supper, at seven o'clock the Knights were invited to take a ride around the city and nearby country. All automobile owners came to the front with their cars and joined in making a procession of cars numbering fifty-five and carrying the one hundred Knights to a joyful sight-seeing ride until darkness. This ride showed the visitors two iron mines, also showed beautiful timber lands of the North, the Northern Pacific railway shops which employ 2,500 men, also the large paper mills, now under construction, where an investment of one-half million dollars is being turned into one of the great industries of the northern part of our state.

This paper mill will be operated by Mississippi river power in the form of a large dam, which will develop 2,000 horsepower when complete. After seeing the surrounding country and principal industries the visitors were driven around the city. The riding was particularly enjoyable in view of the fact that the city has nine miles of concrete pavement on its streets. The evening was then spent in the Knights of Columbus hall where a dance was given and refreshments were served to the visitors until 12 o'clock when the train left for the Twin Cities.

The local representatives cannot fully express their appreciation of the loyal treatment received at Brainerd and particularly in the hands of all business men of that city. It was an excellent trip and one easily remembered, giving again the grand lesson of brotherhood and the open-heartedness of the entire population of the good city of the North."

### IN DISTRICT COURT

Jury Cases Finished for a Time, Court Cases up, Jury Excused Until June 5th

In district court the jury cases are finished for the time being and the jury was excused until Monday, June 5, when they will again report at 9 o'clock in the afternoon.

Verdicts in the last two Charles D. Flak, receiver cases vs H. O. Kringebotten and vs O. C. Bonstead, were verdicts for the defendants.

This afternoon the court case of Charles D. Flak, receiver, vs Andrew Nelson is on trial.

The case of Charles F. Miller, as special administrator of the estate of Louis Thomas Miller, deceased, vs Leslie Bush, is set for June 8. On June 5 cases charging liquor law violations will be heard. They were continued at the present time because E. R. Boyd, special officer and a material witness, was called to Washington, D. C., and he will be back by June 5.

## BLAME IS PUT ON THE BOARDER

Leon Antoskiewicz Says John Burzueski Broke up His Home. Latter Was in Brainerd Hospital

### THE DIVORCE CASE IN DULUTH

Antoskiewicz Says Wife Made Two Trips to Brainerd at His Expense to See Burzueski (Duluth Herald)

Six years ago, John Burzueski, then 22, engaged room and board at the home of Leon Antoskiewicz, West end carpenter.

Today finds serious domestic strife in the Antoskiewicz household and Burzueski is charged with being the instigator.

Antoskiewicz thought Burzueski was stealing his wife's affections. He consulted an attorney. Counsel told him to advise Burzueski to find another boarding place. Burzueski left on April 29 last.

Then Mrs. Antoskiewicz started suit for divorce, charging her husband with cruelty. She alleged that he called her vile names and accused her of improper conduct with other men.

Yesterday afternoon, Judge Dancer signed an order requiring Antoskiewicz to surrender possession of his residence at 11 Vernon street to his wife and that he pay her \$30 temporary alimony, providing that she does not take in any boarders or roomers. Neither must she, under any circumstances, permit Burzueski to visit her.

Antoskiewicz will contest the divorce proceeding when it comes on for trial. In an affidavit filed yesterday afternoon with the clerk of the district court, he declares that he is fond of his wife and of the children and has given her no cause for the least complaint.

Antoskiewicz blames Burzueski for the family break. He declares that his wife became too friendly with the boarder. She permitted him to assist her with the housework on various occasions, and took him with her on her shopping tours. She told him, he alleges, that she did not want to be seen in public with him.

About a month ago, Burzueski was taken sick and went to a hospital at Brainerd. Antoskiewicz declares that his wife made two trips to Brainerd at his expense to see Burzueski. Later when Burzueski returned to Duluth, Antoskiewicz noticed the little attentions which the boarder was paying his wife.

He suggested to Burzueski that he was getting a little too familiar.

Then Mrs. Antoskiewicz, he says, spoke up with:

"Go to h—l, there is nothing wrong with us."

Then Antoskiewicz consulted his attorney and shortly thereafter Burzueski was ordered out. The divorce suit was the next step.

Mrs. Antoskiewicz is 30 years old and her husband is 34. They were married sixteen years ago in Russian Poland and are parents of two children, Alexandra, 10; and Henry, 8.

### MYSTERIOUS PAINS AND ACHES

Make Life Hard to Bear for Many Brainerd Women

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Brainerd case:

Mrs. R. Abear, W. Main St., W. Brainerd, says: "I suffered from hard, dull pains in my back, together with rheumatic twinges. I got Doan's Kidney Pills at H. P. Dunn's drug store and they relieved all the ailments. Another of the family had a lame and sore back and wasn't able to get around. Doan's Kidney Pills benefited this one also."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Abear had. Foster-McMillan Co., Props., Buffalo, N. Y.—Adv't.

### Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Cut This Out—It is Worth Money. Don't miss this. Cut out this slip, enclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for bronchial coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn, druggist.

## REVIEWS THREE YEARS IN OFFICE

### President Makes Public His Talk to Correspondents.

### MUST PLACE AMERICA FIRST

Chief Executive Says Greatest Need of Today Is Men in Public Affairs Who Think in Terms of the United States—Too Many Men Are Guided by Personal Motives.

Washington, May 17.—President Wilson made public a frank and intimate review of his three years in the White House and his impressions of foreign and domestic problems, delivered confidentially before Washington correspondents gathered at the National Press club.

The greatest need of today, he said, in discussing the relations of the United States with the European war and other problems, is men in public affairs who think in terms of America. He admitted frankly that few men he discussed international questions with had proved themselves guided by other than personal motives.

The president spoke freely of the motives that guided his handling of the European situation.

"America," the president said, "is for peace because she loves peace and believes the present war has carried the nations engaged so far that they cannot be held to ordinary standards of responsibility."

But, he added, the United States has grown to be one of the great nations of the world and therefore must act "more or less from the point of view of the rest of the world."

### Tells How to Hold Control.

"If I cannot retain my moral influence over a man except by occasionally knocking him down," he said, "if that is the only basis on which he will respect me, then for the sake of his soul I have got occasionally to knock him down."

Impressions of public men as a class were given frankly by the president with the comment that some grew and some swelled. He also discussed the relations of the newspapers to the affairs of the nation and sounded a warning that false information about foreign affairs was more than likely to lead to trouble.

"And I have something that it is no doubt dangerous to have. I have a profound intellectual contempt for men who cannot see the signs of the times."

"We need their places for people who are awake, and we particularly need now, gentlemen, men who will divest themselves of party passion and of personal preference and will try to think in the terms of America. If a man describes himself to me now in any other terms than those terms I am not sure of him and I love the fellows that come into my office sometimes and say, 'Mr. President, I am an American.'"

"Their hearts are right; their instinct is true; they are going in the right direction and will take the right leadership if they believe that the leader is also a man who thinks first of America."

### TO BEGIN GREAT OFFENSIVE

Said Germans Intend to Move Against Russian Front.

London, May 17.—Runners that the Germans are about to begin a great offensive against Riga were received here in Copenhagen dispatches, which carried a report that the German fleet had left Kiel for Riga.

Copenhagen dispatches reported that the German superdreadnought Hindenburg and others are included in the fleet.

Petrograd dispatches report Field Marshal von Hindenburg active on the northern front, as if for the renewal of the drive checked by the Russians last fall.

### FRENCH REJECT MEAT BIDS

Government Finds Dealers Agree on Same Prices.

Paris, May 17.—The government has rejected bids for 100,000 pounds of meat daily. Proposals had been received from twenty wholesalers, but an investigation proved they had all agreed on the same prices, which were 26 cents higher than the prices quoted at the stock yards.

### Suffrage Leader Loses Suit.

New York, May 17.—Dr. Anna Howard Shaw, former president of the National Woman's Suffrage association, lost her suit for \$25,000 damages against the Lehigh Valley railroad, the Central Railroad of New Jersey and the Pullman company when a supreme court jury found the defendants not responsible for an icy platform. Dr. Shaw suffered a broken ankle while alighting from a train.

### Hughes Leads in Vermont.

Montpelier, Vt., May 17.—Justice Hughes of the supreme court had a lead of about two to one over former President Roosevelt in the Republican presidential primaries, according to the showing of incomplete returns

Orpet-Lambert Case  
Now in the Courts.

Examination of veniemen in the trial of Will Orpet, University of Wisconsin student charged with the murder of Marion Lambert, Lake Forest high school girl, continues at Waukegan, Ill.

## GOVERNOR PRAISES CIVIL WAR HEROES

St. Paul, May 17.—Governor Burnquist, in his proclamation issued designating May 30 as Memorial day, extols the work of the soldiers of the Civil War and urges upon the younger generation that they volunteer their services to speak to the school children of the state on Friday, May 26.

"The immortal services which the soldiers of the Civil War rendered to all of us, who in our generation are enjoying the results of their sacrifices, together with the valor of those who fought in the Spanish-American war for a righteous cause, can never be forgotten by the patriotic people of a grateful republic," said the governor.

"Let us, therefore, on Memorial day, Tuesday, May 30, close our public buildings, schools, stores, factories and other places of business and upon that day suspend labor of all kinds and again show our gratitude to those who in the days when our country was in great danger so bravely went forth in its defense."

### FORD GIVEN MANY VOTES

One Ward in Philadelphia Puts Him Close to Leader.

Philadelphia, May 17.—The few districts in Philadelphia that have counted ballots for presidential preference in the statewide primary show a comparatively large vote was given to Henry Ford.

In one ward Governor Brumbaugh whose name was printed on the ballot, received 146 votes, Ford 126 and Roosevelt one, while President Wilson received 85.

The latter's name was printed on the Democratic ballot.

### ACCUSED MAN SURRENDERS

Former New York Employee Held for Political Slaying.

New York, May 17.—Michael A. Romano, former deputy street cleaning commissioner of New York, surrendered voluntarily to District Attorney Swann to answer an indictment in connection with the murder of Michael Gannari in March, 1915, the outgrowth of a political feud. Romano disappeared when he was indicted last October.

### ATTACK ON CANAL FEARED

Authorities Taking Precaution to Guard Big Locks.

Panama, May 17.—Canal authorities are taking special precautions to safeguard the canal locks, owing to rumors that attempts might be made to dynamite them.

The American steamer San Ramon, bound from San Francisco and Mazatlan, Mexico, for New York, was searched prior to passing through the waterway.

### JAPS AID CHINESE REBELS

200 Nipponese Naval Reservists to Join Revolutionist Fleet.

Tokio, May 17.—According to the Japanese press revolutionists of Southern China have sent canvassers to Japan to obtain the services of Japanese naval reservists as well as officers. Two hundred seamen left Kobe a few days ago to serve on warships of the revolutionaries.

## Judicial Court Settles Dispute Prevent Wars

(By United Press)

Mohonk Lake, N. Y., May 17.—Former American Ambassador to Germany Andrew D. White will outline the possibilities of establishing an international judicial court to settle disputes between countries and prevent future wars, at the Conference on International Arbitration which began here today. While the conduct of the European war is not to be a subject of discussion, the program includes questions of neutral rights and duties, and other issues created or emphasized by the war. Fifty prominent chambers of commerce and boards of trade, including the Chamber of Commerce of the United States and the National Association of Manufacturers have official delegates here. The relation of large national armaments to arbitral and judicial settlement of international disputes will also have a place on the program. Former President Taft and other Americans will also try to learn what influence world commerce and finance has on the frequency and duration of modern wars.

Other subjects, including pan-American trade, will be discussed by such men as Walter S. Penfield, Alphonse E. Shaw of Washington, Ministers Calderon of Bolivia and Chamorro of Nicaragua; Oscar Straus, Lyman Abbott, Theodore Marburg, Altee Pomeroy, William P. Borland, John C. Rose, of Maryland, and Charles A. Woods of South Carolina, Judge J. B. Moore of Michigan, Herbert L. Bridgman of the Brooklyn Standard-Union, Hamilton Holt of The Independent, William Dudley Foulke of Indiana, and Wyndham R. Meredith of Virginia, William L. Carpenter of Detroit, Fred S. Ball of Alabama and E. P. Marshall of Cincinnati.

## COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about two cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## Reliability

OUR absolute faith in the Maxwell car is due to two reasons: First, we have known that the Maxwell Company uses nothing in the entire car but the very best that money can buy. We have known that the steel is scientifically heat treated, that the car is built under the supervision of able engineers, that every car is rigidly tested many times before it leaves the factory.

Second, we have known that the big and well established company behind the car is building for the future, that they value a satisfied owner above everything else.

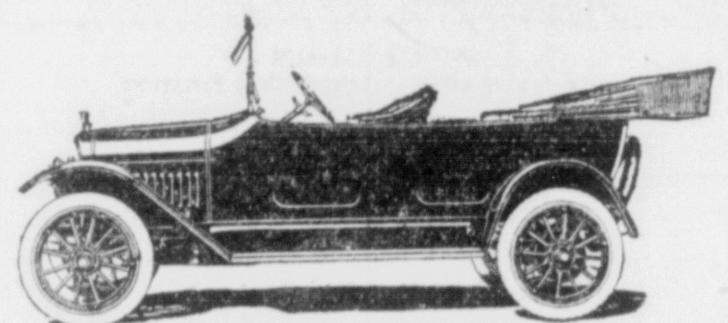

Now that the Maxwell has set the World's Motor Non-Stop Mileage Record, by travelling continuously for 44 days and nights—averaging 500 miles per day—you will understand the benefits you personally may derive from the Maxwell policy. Did you ever hear of any car going 22,000 miles without once stopping the engine, without any repairs or readjustments, with only one gallon of gasoline to every 22 miles?

There is no reason why you should not have a reliable, serviceable and economical Maxwell car. The first cost is low, the operating cost is low and our pay-as-you-ride plan makes the purchase easy for everyone.

Let us see you about this now, before our allotment is exhausted.
